

Remarks/Arguments

Claims 1, 2, 8, 9, 16 and 82-92 are pending in the above-captioned application. Independent claim 1 is amended herein to correct a grammatical error -- It is to be noted for the record that the amendment of claim 1 to change "one or more group" to "one or more groups" as requested by the Examiner does not exclude "one group" from the scope of the claims. Claims 3-6 were cancelled herein without prejudice or disclaimer as being drawn to a non-elected species. These amendments introduce no new matter and support is replete throughout the specification. These amendments are made without prejudice to renewal of the claims in their original form and are not to be construed as abandonment or dedication of the previously claimed subject matter or agreement with any objection or rejection of record.

I. Interview Summary

On March 19, 2007 the Examiner attempted to contact Applicants' representative but a connection was not made.

II. Claim Objections

Claims 1, 2, 8, 9 and 82-92 were objected to for a grammatical error in independent claim 1. Applicants have amended claim 1 as noted above to correct this error and respectfully request that the Examiner's objection be withdrawn.

In view of the foregoing amendments and remarks, Applicants believe that the present application is in condition for allowance and action toward that end is respectfully requested. If the Examiner believes that a telephone interview would expedite the examination of this application, the Examiner is requested to contact the undersigned at the telephone number below.

Respectfully submitted,
/Andy Filler/
